# Rooftop Safety Solutions

## Strengthen Your Defenses

### INTRODUCING THE DEFENDER SERIES

#### Ladder Defender

**A passive fall safety solution for permanent rooftop access ladders.**

- ▶ Non-penetrating
- ▶ Assembles in minutes
- ▶ Proprietary brackets attach to Rail-to-Rail, Rail-to-Flat, and Rail-to-Angle ladder frames
- ▶ Adjustable front bar makes alignment of the rail to the frame a SNAP
- ▶ Custom colors available
- ▶ Finishing rails are standard

#### Hatch Defender

**A non-penetrating solution engineered specifically for rooftop hatches.**

- ▶ Non-penetrating
- ▶ Assembles in minutes
- ▶ Grab Bars come standard for easy egress and ingress
- ▶ Can be easily dismantled for roof deck repair
- ▶ Both the length and width are adjustable to fit non-standard size hatches
- ▶ GuardDog Safety Gate comes standard
- ▶ Standard hot-dipped galvanized finish, custom colors available

Meets all OSHA regulations for fall protection
